

## SUSTAINABLE LITHIUM FOR EUROPE

Seminar • Networking

15 MAY 2025 | BRUSSELS

DATE	: 15 May, 2025
LOCATION	: Park Inn Radisson Brussels Midi, Brussels, Belgium
AIM	Shape Europe's lithium future through market insights, supply strategies, and recycling innovations.

Program at a Glance : 8:30 – 14:00 hrs

- Keynotes Insights from the European Commission & industry leaders
- Session 1: Raw Materials Market trends, supply challenges, and scaling up lithium production
- Session 2: Recycling Addressing the Blackmass gap & advancing EU battery recycling solutions
- Networking Lunch
- Interactive Workshop Shaping future eLi initiatives on raw materials, recycling, and sustainability

Exclusive, invitation-only event

## SUPPORTED **BY.**

This activity has received funding from the European Institute of Innovation and Technology (EIT), a body of the European Union, under the Horizon 2020, the EU Framework Programme for Research and Innovation

## 15 – MAY

8:30 an       Networking/beakfast         9:00 an       Koynote European Commission: Opening Remarks         9:15 an       European Commission: Opening Remarks         9:20 an       Session 1: Raw Materials         The Lithum Cap: Market overview and trands       Session 1: Raw Materials         The Lithum Cap: Market overview and trands       Session 1: Raw Materials         The Lithum Cap: Market overview and trands       Session 1: Raw Materials         The Lithum Cap: Market overview and trands       Session 1: Raw Materials         Michael Schmidt, Economic Geologist & Senior Analyst, German Minnarl Resources Agency Andrea Di Masi, External Afrais Officer, SQM Litio and Industrial Board Chain, eLi         10:00 an       Sessing up Lithium rew meterials         • Understanding current challinges and opportunities for Lithium Junior mining projects.         • Strengthening Europe's strategic raw materials independence         Jürgen Schlichting, Board Advisor Arcore Lithium and Industrial Board Chain, eLi         Romain Millot, Scientlic Director Lithium de France         Paneto no Supporting the Supply of Lithium for Europe and rul Lithigensis         benior Researcher at Ulage.         Learnings from EU projects         • Estern countries Lithium Geothermal Brines Mapping (Brine Ris)         > Processing routes for the exploitation of European hard Li deposits         Dr. Lear Filippox, Professor, University Lor		Networking breakfast
9:15 am       European Commission : Opening Remarks         9:20 am       Session 1: Baw Matrials         76 Utilitium Gap: Market ovar/iew and trands <ul> <li>Global Utilitium Gap: Market ovar/iew and trands</li> <li>Global Utilitium Gap: Market ovar/iew and trands</li> <li>Global Utilitium Gap: Market ovar/iew and trands</li> <li>Global Utilitium Gap: Market Supply rojections (Market),</li> <li>Resources around Europe and the Wold (GeoResources/Geopolitical)</li> <li>Key producers' perspective: SQM Chile (Market / Mining)</li> </ul> <li>Michael Schmidt, Economic Geologist &amp; Senior Analyst, German Mineral Resources Agency</li> <li>Andrea Di Masi, External Affairs Officer, SQM Lthic and Industrial Board Chair, eLI</li> <li>Federico Gay, Benchmark Mineral Intelligence, Principal Analyst Lthium</li> <li>Understanding current challenges and opportunities for Lthium Junior mining projects.</li> <li>Understanding current challenges and opportunities for Lthium Junior mining projects.</li> <li>Usrengthening Europe's strategic raw materials independence</li> <li>Jurgan Schlichting, Board Advisor Arcore Lthium and Industrial Board Chain, eLI</li> <li>Romain Millot, Scientific Director Lithium de France</li> <li>Panel on Supporting the Supply of Lthium for Europe chaired by Philippe Glaro (former CEO of Junior Mining companies)</li> <li>Senior Research at ULiège.</li> <li>Learnings from EU projects</li> <li>Eastering countries Lthium Geotermal Brines Mapping (Brine Ris)</li> <li>Processing routes for the exploitation of European hard Li deposits</li> <li>Dr. Magdalena Worsa-Kozak, Professor TU Wroclaw and Education Board Chair, eLI</li> <li>Dr. Magdalena Worsa-Kozak, Professor TU Wroclaw and Education Board Chair, eLI</li> <li>Battey Recycling Chyster Prepoct Manager Verkor</li> <li>Ja Biargs,</li>	9:00 am	
9:20 am       Session 1: Raw Materials         9:20 am       Cobal Utilium demand & supply projections (Markat),         • Global Utilium demand & supply projections (Markat),       • Resources around Europe and the World (GeoResources/ Geopolitical)         • Key producers' perspective: SQM Chile (Markat / Mining)       Michael Schmidt, Economic Geologist & Senior Analyst, German Mineral Resources Agency         Andrea DI Mesi, External Affairs Officer, SQM Litio and Industrial Board Chair, eLi       Federice Gay, Benchmark Mineral Intelligence, Principal Analyst Lithium         10:00 am       Sealing up Lithium raw materials       • Understanding current challenges and opportunities for Lithium Junior mining projects.         • Strengthening Europe's strategic raw materials independence       Jiorgen Schlichting, Board Advisor Arcore Lithium de France         Panel on Supporting the Supply of Lithium for Europe chaired by Philippe Giaro (former CEO of Junior Mining companies)         Senior Researcher at Ulage.       Learnings from EU projects         • Eastern countries Lithium Geothermal Brines Mapping (Brine Ris)       • Processing routes for the exploitation of European hard Li deposits         Dr. Magdalena Worsa-Kozak, Professor TU Wroctaw and Education Board Chair, eLi       Dr. Law Filippov, Professor, University Lorraine and Vice Director, eLi         11:00 am       Session 2: Recycling       The Blackmass gay market reality (current processing outside of EU)         • The Blackmass gap market reality (curent processing outside of EU) <td< th=""><th>9:15 am</th><th></th></td<>	9:15 am
